

# TELE-EDUCATION FOR **ASD**

## Rochester Regional Center for Autism Spectrum Disorders

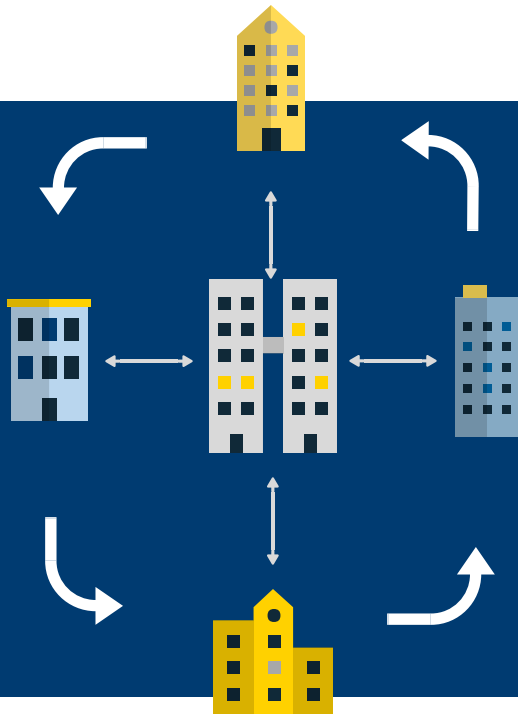

Strong Center for Developmental Disabilities

Division of Developmental and Behavioral Pediatrics

**RRCASD is recruiting school personnel to participate in an ASD Tele-Education Program during the Fall of 2018.**

## WHAT IS IT?

Tele-education for ASD uses video technology to share knowledge from specialists to educators about Autism Spectrum Disorders.

### Education Sessions:

- Weekly or biweekly
- Include educators across multiple locations
- Last for 60-minutes, across 8-10 sessions
- Include didactics and case presentations
- Focus on information and supports for students with ASD
- Provide troubleshooting for educators around issues related to ASD in the classroom
- Aim to help educators operate with increased independence as their skills and self-efficacy grow

## WHY TELE-EDUCATION?

### Eligible Counties

- Cayuga
- Livingston
- Monroe
- Onondaga
- Ontario
- Oswego
- Schuyler
- Seneca
- Steuben
- Wayne
- Wyoming
- Yates

### Educator Development and Retention

Educators acquire new skills and competencies, expanding access to educational supports, increasing professional satisfaction and decreasing feelings of professional isolation.

### Continued Learning

Schools and educators also enjoy no-cost access to continued learning and specialist consultations that enables schools to be part of a knowledge network.

### Increased Efficiency

Creates professional network and referral network, making it easier to get students supported and strengthening the education system as a whole.
