#### **Topical Headline (not program title, no more than 10 words)**

Brief (10 sentences or less) program description, beginning with title (e.g. “The Bright Rainbows Program...”)

#### **Background (150 words or less):**

What lead to the recognition of need?

What pointed to this solution?

#### **Program Development (150 words or less):**

What did you need (ingredients, funding, resources, staff, curriculum, space, time, etc)?

What did you do with these resources (activities, meetings, classes, home visits, assessments, trips, etc)

#### **Outcomes(150 words or less):**

How many students/people were part of the target population/were served with this program?

- How many signed up, and how many finished (if appropriate)

Other “counts” that count (number of meetings, pounds of food donated, percent reduction in office referrals, etc.

What other evidence of program implementation do you have? How do we know the program happened?

Can also include qualitative data: murals, quotes from feedback, videos produced, photos, etc.

Especially include any data based decision making that was involved in any part of this process!

#### **Impact(150 words or less):**

For those who have completed the program, what difference has it having in their lives today? Are you able to measure it? Do you track participants after the program has finished? How? Why? What are you doing with the information?

#### **Outlook/Prognosis/Next Steps (← need a better title for this):**

What do you foresee as the future of your program over the next 5 years?

#### **For more information:**

Put whatever information you want here: Someone’s name, title, email, phone, a website, link to a report, etc.
